DEPUTY Permanent Secretary at the Ministry of Finance and Planning, Ms. Jenifa Omolo, has commended the Public Procurement Regulatory Authority (PPRA) for diligently overseeing the development and deployment of the country's electronic procurement system (TANEPS).

Speaking on behalf of the Permanent Secretary Mr. Emmanuel Tutuba, at the official opening of the PPRA Workers Council Meeting on February 28, 2022 in Arusha, Ms. Omolo expressed her delight on information that 777 procuring entities so far met the government's directive and got connected to the system.

In addition, the deputy permanent secretary assured the Authority that the ministry appreciated its good work in ensuring a smooth and harmonious operation given the fact that TANEPS is linked to other Government electronic systems which facilitate registration and procurement processes up to awarding of contracts.

"Up to now Government systems ensure that all public entities are linked to GePG and so this, in turn, compels availability and deployment of

TANEPS in all public entities in the country, including remote district councils," she said.

However, Ms. Omolo went on to warn public entities that shun using the system in their procurement as the habit runs against government directives as well as the law.

She urged PPRA to add efforts into providing training to chief executive officers of public entities and tenderers saying there are still areas which pose challenges to even willing users of TANEPS and this state of affairs leads to less competition in procurement.

"I once got to ask one tenderer 'how come - are you the only

one conversant TANEPS?' I had to ask him this question because every time we called for tenders, he was the only one tendering and winning. I came to learn that because of his extensive knowledge of the system, he was the only one tendering and winning – despite his exorbitant prices."

Earlier, the Chief Executive Officer of PPRA, Dr. Irene Isaka, narrated the success registered on account of TANEPS use, including reduction in the number of audit queries, fewer complaints, and improvement in compliance.

Dr. Isaka added that while

777 public entities had been connected to the system, thousands of tenderers have been registered on the system and some of them have had training on using it.

“To date, a total of 25,796 suppliers and service providers have been registered compared to 21,194 who had been registered by June, 2021 while 26,848 tenders were processed in the system compared to 17,270 which were processed in the financial year 2020/2021 which is ample evidence that use of TANEPS in the procurement processes is increasing,” said Dr. Isaka.

However, Dr. Isaka said the Authority came to discover that 116 entities out of 777 connected to the system, do not use it at all and this led PPRA to write letters to them to impress on them that it was necessary to comply with the law on the matter, to avoid a legal action being taken against them.

In another development, Dr. Isaka informed the public that the Authority has commenced processes towards taking full charge of TANEPS from the contractor, which is an important milestone whereby PPRA’s own local experts are being trained to enable

them take total control of the system.

“The system source code has been delivered to the country’s e-Government Authority (e-GA), whereby both its experts and those of PPRA continue to assess it for smooth take over,” said Dr. Isaka.

The Public Procurement Act of 2011 and its Amendments give PPRA the authority to oversee use of TANEPS, a system that has enhanced transparency, has curtailed corruption and thereby brought about an increase in compliance and value for money in public procurement.

# MWONGOZO JUU YA *FORCE ACCOUNT* NA KAMATI ZA UTEKELEZAJI

*Na Frank Yesaya, Afisa Ununuzi - PPRA*

Ununuzi wa Umma ni utaratibu unaotakiwa kufuatwa pale taasisi nunuzi inapataka kutumia fedha za umma kupata bidhaa, huduma na kazi za ujenzi. Utaratibu huu umeainishwa katika Kanuni zinazotokana na Sheria ya Ununuzi wa Umma.

Katika kazi za ujenzi, kwa mfano, utaratibu mmojawapo ni ule unaoitwa Force Account – unaoruhusu utumiaji wa rasilimali za ndani ya taasisi husika. Utaratibu huu, ambao watu wengine, kwa kukosea, huuita False Account au Forced Account au Njia ya kutumia Local Fundis, tuseme ni utaratibu wa kutumia “Kikosikazi” au “nguvukazi” ya taasisi. Utaratibu huu unatumika pia kwenye nchi zingine kama Kenya, Uganda na Marekani.

Vigezo vya kutumia utaratibu huu katika nchi hizo ni pamoja na pale ambapo: Kazi husika ni ndogo; ni ya dharura; au ina uharaka; au kuna haja ya kumaliza kazi iliyocheleweshwa na mkandarasi; kuna uthibitisho kwamba kazi husika itakuwa ya gharama nafuu ikitekelezwa na rasilimali za taasisi; na pale ambapo wakandarasi hawako tayari kutekeleza kazi hiyo.

Ni muhimu kusisitiza kuwa, katika mazingira yaliyotajwa hapo juu, utaratibu wa Force Account kwenye nchi hizo tatu, unahusisha utekelezaji wa miradi ya ujenzi tu na siyo kwa ajili ya ununuzi wa bidhaa au huduma, lakini pia unahusisha matumizi ya rasilimali za ndani ya taasisi nunuzi.

Vilevile, utaratibu wa Kikosikazi umekuwa ukutumika Tanzania tangu hata kabla ya Uhuru, ila haukuwa na misingi ya kisheria; hivyo basi Sheria ya Ununuzi wa Umma ya Mwaka 2011 na Kanuni zake za Mwaka 2013 - kama zilivyoborishwa Mwaka 2016, zimetoa maana na misingi ya kisheria ya kutumia utaratibu huu.

Utaratibu wa Kikosikazi hasa unaruhusu ujenzi kufanywa na idara ya umma au wakala kwa kutumia wafanyakazi na vitendea kazi vyake au kwa kushirikiana na taasisi nyingine ya umma au hata ya binafsi.

Kwa maana hiyo, wakati wa utekelezaji wa miradi kwa Force Account, taasisi ya umma inaweza kushirikiana na mtu binafsi au mkandarasi, na ukweli huu unapaswa kufuta dhana kuwa kwenye Force Account huwezi kumtumia mkandarasi. Katika toleo lijalo, tutaona namna ambavyo taasisi nunuzi inaweza kushirikiana na taasisi ya umma au binafsi.

PPRA ilikwishatoa mwongozo unaofafanua namna ya kutekeleza kazi za ujenzi kwa kutumia utaratibu wa Kikosikazi, na mwongozo huo ulitolewa mwezi Mei, Mwaka 2020. Tangu hapo, miongozo mingine yote iliyotolewa na wizara mbalimbali juu ya Force Account, haipaswi kutumika tena.

Mwongozo huo wa PPRA unaelekeza kuwa utaratibu wa Force Account utatumika kutekeleza kazi za ujenzi tu, na kwamba ununuzi wa vitendea kazi, vifaa vya ujenzi na rasilimali watu, kama utahitajika, utapaswa kufuata taratibu za ununuzi wa umma.

Pia, mwongozo huo unasisitiza kwamba shughuli za ununuzi zitapangwa na kutekelezwa na kitengo cha ununuzi, hivyo watu binafsi wasipewe fedha kwa ajili ya ununuzi wa mahitaji ya ujenzi.

Aidha, mwongozo huo unazielekeza taasisi nunuzi kuweka mipango ya namna ya utekelezaji wa kazi za ujenzi, ikihusisha uainishaji wa kitaalamu wa: mtiririko wa shughuli za ujenzi zinazopaswa kutekelezwa ili kujenga au kukarabati jengo, miundo mbinu ya maji; vifaa vya ujenzi na viwango vyake vya ubora; vipimo sanifu, michoro, ramani, gharama na muda wa kutekeleza kazi ya ujenzi.

Pale ambapo idara tumizi siyo wataalamu wa masuala ya ujenzi, mwongozo unatoa maelekezo kuwa uainishaji wa mahitaji ufanywe na idara au kitengo ambacho ni wataalamu wa ujenzi.

Mazingira ambayo yanaweza kusababisha taasisi nunuzi kutumia utaratibu wa Kikosikazi yanaweza kuwa yoyote katika yafuatayo:

- i.) Pale ambapo kazi za ujenzi ni ndogo, zimetawanyika na zipo kwenye maeneo ya mbali kiasi kwamba wakandarasi wenye sifa hawatavutiwa kutoa bei za zabuni zinazokubalika;
- ii.) Kazi za ujenzi zinahitaji kufanyika pasipo kuvuruga shughuli zinazoendelea eneo la ujenzi;
- iii.) Kuna dharura inayohitaji kutatuliwa kwa kufanya ujenzi maramoja;
- iv.) Vitaharishi vya mwingiliano usiozulika kwa shughuli za ujenzi na zingine vinaweza kubebwa na taasisi nunuzi kuliko mkandarasi;
- v.) Taasisi nunuzi ina wataalamu wanaoweza kufanya au kusimamia ujenzi, na wataalamu hao wawe wanatambuliwa na bodi za kitaalamu; au
- vi.) Shughuli za matengenezo au ujenzi ndiyo shughuli za kila siku za taasisi nunuzi.

Utekelezaji wa kazi za ujenzi kwa utaratibu wa Kikosikazi unahitaji usimamizi wa karibu ili kuweza kutekeleza ujenzi kwa mujibu wa viwango vya ubora, muda wa utekelezaji na gharama zilizo-pitishwa. Kwa kutambua umuhimu wa usimamizi, mwongozo wa Force Account umelekeza taratibu za usimamizi kwa taasisi nunuzi zenye muundo kamili wa ununuzi (ngazi za juu) na zile ambazo hazina muundo kamili (ngazi za msingi).

Kwa upande wa taasisi nunuzi za ngazi za juu, afisa masuuli anapaswa kumteua meneja au msimamizimradi ndani ya mamlaka yake kwa kila mradi wa Force Account. Meneja au msimamizimradi atateuliwa kwa kuzingatia fani, utaalumu na uzoefu unaohitajika katika mradi husika. Meneja au msimamizimradi atapaswa kuwa amesajiliwa katika fani ya uchoraji, ukadiriaji majenzi au uhandisi.

Majukumu ya meneja au msimamizimradi ni pamoja na kupitisha mpangokazi wa ujenzi kabla haujaanza kutekelezwa; kusimamia utekelezaji wa ujenzi kwa mujibu wa mpangokazi; kupima na kuthibitisha ujenzi unaofanyika pamoja na gharama zake; kuthibitisha ujenzi uliokamilika; na kusimamia timu ya utekelezaji wa mradi.

Timu ya utekelezaji wa mradi inapaswa kuteuliwa na afisa masuuli, na inaweza kuwa na

timu zingine ndogo mbili, moja ya usimamizi na nyingine ya utekelezaji.

Wajumbe wa timu za utekelezaji watapendekezwa na mkuu wa idara ya ufundi na kuteuliwa na afisa masuuli; wajumbe hao wanapaswa kuwa na elimu, uzoefu au ufundi katika masuala ya ujenzi. Wajumbe hao pia wanaweza kulipwa posho kwa mujibu wa sera na waraka za Serikali.

Majukumu ya timu za utekelezaji ni pamoja na kuandaa kazi za kufanywa na mikataba ya vibaru; kufuatilia utekelezaji wa mradi kwa mujibu wa mipango iliyowekwa; na kufanya majukumu mengine kama ambavyo watapangiwa na meneja wa mradi.

Kutokana na mwongozo huo, taasisi za ngazi za juu zinazo kamati mbili tu za utekelezaji wa mradi wa Force Account, na katika hizo hakuna kamati ya ununuzi wala ya ukaguzi na mapokezi. Sababu ni kwamba taasisi hizi tayari zina vitengo vya ununuzi hivyo ununuzi utafanywa na kitengo husika, lakini pia wakati au baada ya kuwasilishwa kwa vifaa vya ujenzi, afisa masuuli atapaswa kuchagua kamati ya ukaguzi na mapokezi kama ilivyo kwenye ununuzi mwingine wowote ule.

Usimamizi wa utekelezaji wa miradi ya Force Account katika taasisi za ngazi za msingi, mfano shule, na baadhi ya sehemu za kutolea huduma za afya mfano zahanati, vituo vya afya na hospitali, ni tofauti na wa taasisi za hapo juu, kwa sababu taasisi hizi za ngazi za msingi hazina muundo kamili wa ununuzi kama vile afisa masuuli, bodi ya zabuni na kitengo cha ununuzi. (Maelezo haya, hayazihusu hospitali ambazo zina muundo kamili wa ununuzi).

Kwa sababu hiyo, mkurugenzi wa halmashauri ya wilaya, mji, jiji au katibu tawala wa mkoa, anapaswa kugatua madaraka yake ya ununuzi kwenda kwa mkuu wa shule, zahanati, kituo cha afya au hospitali.

Pale ambapo ofisi ya aliyegatuliwa madaraka ina mtaalamu wa ununuzi, basi mkuu husika atatengeneza bodi ya zabuni na kitengo cha ununuzi. Pale ambapo hamna mtaalamu wa ununuzi, wafanyakazi wawili mpaka watatu watafanya majukumu ya ununuzi chini ya uongozi wa kitengo cha ununuzi cha ofisi iliyogatua madaraka.

Kisha, mkuu aliyegatuliwa madaraka ataunda kamati mbili za kufuatilia mradi, kamati ya kwanza ni timu ya utekelezaji wa mradi (wasimamizi wa utekelezaji wa ujenzi) na ya pili ni ya ukaguzi na mapokezi (wakaguzi wa vifaa na kazi za ujenzi). Timu zote mbili zinapaswa kuwa na wafanyakazi watatu mpaka watano, mmoja kati yao awe na ufahamu wa masuala ya ufundi. Timu ya ukaguzi na mapokezi inapaswa kuwa na wajumbe wawili kutoka kwenye jamii.

Kwa hiyo, kwa mujibu wa mwongozo wa Force Account, katika ngazi za msingi ndipo ambapo bado kunauwezekano wa kuwa na kamati ya ununuzi, kamati ya ukaguzi na mapokezi na kamati ya utekelezaji wa mradi.
