Tenderers registered with the new e-procurement system named NeST, up to October 24, 2023. The system can be accessed through nest.go.tz

By Joseph Muhozi, Dodoma

The Minister for Finance, Dr. Mwigulu Nchemba, has directed the Public Procurement Regulatory Authority to ensure integration of the National e-Procurement System of Tanzania (NeST) with GPSA Integrated Management Information System (GIMIS), TPJ can report.

the official launch of the GIMIS system at the Kambarage Hall in Dodoma, when Dr. Mwigulu highlighted both the need and urgency of integrating NeST and GIMIS, which enables various government entities, including ministries, public agencies, regional offices, and district councils to access Government Procurement Services Agency's offerings. Dr. Mwigulu underscored

President Samia Suluhu Hassan's commitment to foster interconnectedness among government systems as well as the importance of aligning other pertinent systems with GIMIS, which is poised to enhance operational efficiency within the agency. Furthermore, the finance minister commended GPSA for its notable achievements, including the successful

completion of the system and the establishment of modern fuel stations in strategic locations such as Songwe, Simiyu, Pwani, and Dodoma - accomplishments that are anticipated to not only boost government revenue but also to enhance efficiency of the public service sector.

Earlier, the Minister of State in the President's Office (Public Service Management and Good Governance), George Simbachawene, had confirmed that GIMIS has already been seamlessly connected with the government's central system, enabling efficient data exchange.

According to Simbachawene, several public institutions have already begun using the system, notably within the Government Electronic Payment Gateway (GePG) and the Government Resource Management System and that efforts are in place to provide integration with other government systems in alignment with data sharing requirements.

TPJ understands that GIMIS is set to offer a variety of services that encompass procurement of office equipment, vehicle fuel, as well as the management of government cargo handling and discharge activities at strategic locations such as seaports, airports, and border areas.

# Upangaji na Utekelezaji wa Zabuni za Framework Agreements katika NeST

Na Frank Yesaya

**B**aada ya kujifunza kuhusu mambo kadhaa kuhusu framework agreements, tuangalie namna ya kupanga na kutekeleza zabuni za framework agreements katika mfumo wa NeST, ambao unawezesha upangaji na utekelezaji wa aina zote za framework agreements.

Katika mfumo wa NeST, frameworks agreements huhusisha hatua mbili za mchakato - ya kwanza ni ya kuwatafuta wazabuni wenye sifa na ya pili ni kutoa oda (**call off order**) kwa wazabuni wenye closed frameworks agreements au kuwashindanisha wazabuni (**mini-competition**) kwa wazabuni wenye open frameworks agreements.

Kwa mahitaji ya huduma na bidhaa zinazohitajika mara kwa mara na zinazotumiwa na taasisi nyingi, mfumo umetoa fursa kwa wazabuni kujisajili katika aina za biashara (business lines) zinazohusiana na mahitaji hayo. Iwapo wazabuni hao wataonekana wamekidhi vigezo vya kufanya biashara na serikali katika aina husika ya biashara, basi wataidhinishwa na kuruhusiwa kusaini vigezo na masharti maalumu ya kuuza bidhaa na kutoa huduma mtambuka (commonly used items and services). Katika muktadha wa matumizi ya mfumo wa NeST, vigezo na masharti hayo vimeitwa **General framework**

**agreements** na ni makubaliano ya wazi (**open frameworks**) yasiyokuwa na bei na ni fursa iliyowazi kwa mzabuni yoyote mwenye vigezo kuyasaini wakati wowote wa mwaka.

Kwa mahitaji ya bidhaa na huduma zinazojirudia mara kwa mara lakini zisizotumiwa na taasisi nyingi, taasisi nunuzi zenye mahitaji hayo zinaweza kutengeneza framework agreements zao na baadhi ya wazabuni. Katikamuktadhawamatumiziyamfumo wa NeST, makubaliano hayo yanaitwa **Own framework agreements** na yanaweza kuwa makubaliano ya wazi (**open frameworks**) au yaliyofungwa (**closed frameworks**).  
**Upangaji wa zabuni**

Ili kupata fursa ya kutumia general frameworks au kutengeneza own frameworks, wakati wa kupanga ununuzi kwenye moduli ya APP Management, afisa ununuzi anayeandaa zabuni za bidhaa na huduma, anapaswa kuchagua moja kati ya njia zifuatazo za ununuzi Restricted International Competitive Tendering, Restricted National Competitive Tendering, International Shopping, National Shopping au Single Source Tendering.

Njia za restricted international na national zinaweza kutumika kwa zabuni zenye thamani kubwa kuzidi kikomo cha zabuni za International na National Shopping. Ili kuweza kuchagua kutengeneza own frameworks au kutumia general frameworks, utapaswa kutiki kibox kilichoandikwa Framework Agreement, kisha mfumo

utakupa fursa ya kuchagua kutumia general framework au own framework.

Kwa huduma na bidhaa mtambuka zinazotumiwa na taasisi nyingi tafadhali chagua General framework, kisha Open framework na chagua nyaraka ya Mini competition kuendelea. Kwa kufanya uchaguzi huu mfumo hautaleti hatua ya kujaza kalenda ya ununuzi.

Kwa huduma na bidhaa zisizotumiwa na taasisi nyingi, na iwapo menejimenti ya taasisi husika imeridhia kutengeneza makubaliano binafsi na wazabuni, tafadhali chagua own framework na mfumo utakupa fursa ya kuchagua open au closed framework. Iwapo utachagua open framework mfumo utakupa fursa ya kuchagua nyaraka ya mini-competition na iwapo utachagua closed framework mfumo utakupa fursa ya kuchagua call off order.

Baada ya kumaliza hatua hiyo, kwa own framework mfumo utakupa fursa ya kuchagua nyaraka na kutengeneza kalenda itakayotumika katika hatua ya kwanza ya kuwatafuta wazabuni wenye sifa.

Utapaswa kukamilisha taratibu za kuidhinisha zabuni husika kwa afisa masuuli kabla ya kuendelea na hatua inayofuata.

### **Utekelezaji wa Ununuzi – General framework**

Iwapo ulichagua **General framework**, mtaarifu idara tumizi akaanzishe ununuzi wa zabuni ya bidhaa au huduma mtambuka katika moduli ya Tender Initiation. Ni muhimu sana idara tumizi kuanisha kila bidhaa au huduma inayohitajika kwa usahihi ili kumuwezesha mzabuni kuweka bei kwenye kila bidhaa

## Upangaji na Utekelezaji wa Zabuni ...

### Inatoka Ukurasa 3

au huduma, hii itasaidia kwenye kufanya majadiliano na mzabuni, kukagua wakati wa utekelezaji na kufanya malipo kwa usahihi.

Idara tumizi akikamilisha zoezi la kuanisha bidhaa au huduma, awasilishe ombi la ununuzi kwa Mkuu wa Kitengo cha Ununuzi, ambaye atamshushia afisa ununuzi jukumu la kuandaa nyaraka ya zabuni. Ni muhimu kuzingatia kwamba, vigezo vya tathmini vya lazima vilivyowekwa kwenye nyaraka ya Mini competition ni vichache sana na ni vile ambavyo vinaweza kufanyiwa automatic evaluation na mfumo. Vigezo vya hiari vilivyowekwa vitahitaji msaada wa binadamu kufanyiwa tathmini iwapo vitachaguliwa kwenye zabuni husika.

Afisa ununuzi akikamilisha zoezi la kuandaa nyaraka ya zabuni, mfumo utampa fursa ya kuchagua aina za biashara zinazoendana na mahitaji ya idara tumizi, atachagua mikoa na wilaya ambazo anahitaji wazabuni washirikika katika fursa husika. Kisha mfumo utatuma mwaliko wa kuwasilisha bei kwa wazabuni wote waliojisajili na kusaini General frameworks agreements katika aina ya biashara zinazohusika na usambazaji wa huduma na bidhaa mtambuka.

Wazabuni watapata fursa ya kujibu matakwa ya fursa husika na kuwasilisha zabuni zao kwa taasisi nunuzi. Ufunguzi wa zabuni utafanywa na mkuu wa kitengo cha usimamizi wa ununuzi, na kisha mfumo utafanya tathmini ya kiotomatiki na kuonyesha mshindi wa fursa husika; iwapo vigezo vya ziada vilichaguliwa mfumo utatoa fursa kwa Mkuu wa Kitengo cha Usimamizi wa Ununuzi kufanya tathmini ya ziada.

### Utekelezaji wa Ununuzi – Own framework

Iwapo ulichagua **Own framework**, afisa ununuzi atapaswa kuingia katika moduli ya framework

agreements na kuanza kuandaa taarifa za makubaliano yanayokusudiwa kuingiwa.

Moduli hii inatoa fursa ya kuandaa framework agreements ambazo hazikujumuishwa kwenye mpango wa ununuzi kwa kutumia aina za biashara na zile zilizojumuishwa kwenye mpangowa ununuzi.

Uandaaji wa taarifa za framework agreements utahusisha ujazaji wa maelekezo kwa wazabuni, vigezo vya tathmini na kalenda ya mchakato wa kwanza wa kuwatafuta wazabuni. Baada ya kukamilisha hatua hii, fursa ya framework iwasilishwe kwa mkuu wa taasisi ili kuridhiwa na kutangazwa kwa wazabuni. Baada ya kutangazwa wazabuni watapewa fursa ya kujibu matakwa ya fursa husika, iwapo fursa ilikuwaniyamakubaliano yawazi wazabuni watawasilisha sifa zao tu, iwapo fursa inahusisha makubaliano yaliyofungwa wazabuni watawasilisha sifa na bei zao.

Baada ya kupokea mawasilisho ya wazabuni, ufunguzi unapaswa kufanyika katika moduli ya opening, na kisha timu ya tathmini kuundwa na kufanya tathmini katika moduli ya framework agreement.

Baada ya kukamilisha zoezi la tathmini, mfumo utatoa fursa kwa taasisi nunuzi kusaini makubaliano ya framework na wazabuni waliofaulu mchakato wa tathmini. Baada ya kukamilisha zoezi la kusaini makubaliano na wazabuni washindi, iwapo makubaliano yaliyoingwa ni ya wazi mchakato wa kuanzisha mahitaji, kutangaza fursa na tathmini utafanana na mchakato wa utekelezaji wa General framework.

Iwapo makubaliano yaliyoingwa ni closed frameworks, mtumiaji wa idara tumizi atapaswa kuingia katika moduli ya Call off order na kubainisha mahitaji yake, kisha mfumo utatuma mahitaji hayo kwa mzabuni mwenye closed framework agreement ili awasilishe mahitaji husika.
